

Ideal LifeVision 2 Day Workshop

**Want more clarity & focus in your life?
How about more income? Better relationships?
Improved health?**

This powerful 2 day workshop is about taking some time & space for yourself to get crystal clear on what you want your Ideal Life to look like. It is a time to look inward as you reflect on the "Ideal You" in all areas of your life. Ann's unique gifts and insights guides you to find what it is that you want to create and have happen in your life. You won't just learn how to create a LifeVision, you will actually walk away with a 7-10 page minutely detailed "written" vision that will then be recorded in your own voice! As this vision imprints upon your subconscious, it will be put into action! Join us as we create our own unique LifeVision in both word and recording!

Your experience will include:

- How to design a powerful vision for your life
- Use the proven techniques to imprint this vision on your subconscious mind
- Benefit from the "mastermind" experience of other participants to clarify your vision & purpose
- Have a tool that works for you every day.
- Fill your life with all the details & emotions you have always wanted to experience
- Learn how music can deliver information to your brain in the most effective manner
- Learn from Ann's expertise in this field.
